

**16<sup>th</sup> Avenue School**

**Elmwood Park Public Schools**

**2017-2018**

**Welcome to Third Grade!**

When you come back in September you will have a fun filled and rewarding year. In reading you will identify and analyze literary elements by reading a variety of fiction and nonfiction texts. In addition, you will become young actors and actresses by performing Reader's Theater. In math you will master your multiplication and division facts, learn about geometry, fractions and how to solve complex word problems. You will become an expert author of all different kinds of writings, plus you will learn cursive handwriting. During science we will explore ecosystems, weather, forces and interactions, along with heredity. In social studies we will learn about citizenship, geography, and important landmarks such as the White House and Statue of Liberty.

Over the summer take time to review your basic addition and subtraction facts. If you go on vacation or visit a new place, bring back a postcard to share with your classmates. Be sure to read a few interesting books over the summer and visit your local library.

We look forward to spending next year with you. Have a great summer!

The Third Grade Teachers,

***Mrs. Dransfield, Mrs. Freyer & Ms. Doran***

**September 2017**

**Grade 5 - WELCOME LETTER**

**Dear Fifth Grade Student,**

Welcome to the fifth grade! The fifth grade teachers are excited to work with you next year. Please look over the suggested supply list and try to have your supplies by September 8th.

If you travel over the summer bring in a postcard from the place that you visited. Your summer packet is posted on the school's web page.

Be sure to work on the summer assignments over the summer and return them by Monday, September 11th.

If you have any questions over the summer, please feel free to email and we will be happy to help you with your question. Have a safe and fun filled summer!

**Mr. Bacigalupo, Mrs. Buscio and Mrs. Montone,**
